Fidelity of Implementation Checklist - Implementer

Links Certification

Educator: _____

STAR Consultant: _____

0 = Not yet started   1 = Support Needed   2 = Emerging   3 = Verified   N/A = Not Observed

Links Curriculum Implementation	Score				Comments
	Date				
Assists with conducting Observed Routine Assessments (ORA) using the Links routines in the natural environment (e.g., lunch, transition, crossing the street).					
Lessons and materials are gathered and organized – including data sheets, reinforcers, and materials.					
The staff schedule is followed (including a 1:1 rotation schedule, if needed).					
Follows positive behavioral plans and protocols developed for individual students.					

Lesson Instruction	Score				Comments
	Date				
Effectively implements basic DT strategies: • Cue • Reinforcement • Error correction					
Follows the sequential learning steps for introducing new target skills					
Follows data collection procedures for each lesson					
Uses errorless learning strategy when appropriate					
Lessons are conducted daily and data is collected daily.					
Effectively implements lessons for Essential, Intermediate, and Advanced levels					

Fidelity of Implementation Checklist - Implementer

0 = Not yet started   *1 = Support Needed*   *2 = Emerging*   *3 = Verified*   *N/A = Not Observed*

Functional Routine Instruction	Score				Comments
	Date				
Environmental supports are used to increase independence during routines (e.g., visual supports and task strips, furniture arrangement).					
Effectively implements FR teaching strategies: • Cue • Prompts/prompt fading • Reinforcement • Error correction					
Follows ORA data collection procedures correctly					
Identifies appropriate steps to teach based on the ORA					
Visual or written schedules are used during transitions for identified students.
