Title	Description
<b>Caregiver Generalization Report</b>	The SOLER Caregiver Generalization Report is used to obtain generalization data from the student's caregiver on skills that have been taught in the SOLER social skills group.
<b>Frequency Data Form</b>	The SOLER Frequency Data Form measures the number of times a student engages in a target skill. This form can assist the instructor in determining if the student has met mastery criteria on a skill taught.
<b>Group Tracking</b>	This form tracks student group or individual student completion of lessons and progress through the SOLER curriculum.
<b>Quick Reference Guide for Data Collection</b>	This guide provides a quick overview of the SOLER data collection steps and resources.
<b>Session Data Form</b>	The SOLER Session Data Form is used to record student data on Phase 1 and Phase 2 of instruction for each lesson. This form tracks student progress during SOLER lessons.
<b>Teacher Generalization Report</b>	The SOLER Teacher Generalization Report is used to obtain generalization data from the general education teacher on skills that have been taught in the SOLER social skills group.
<b>Unit 1 Alignment Guide</b>	This guide aligns the CASEL Area of Competence, example SEL Learning Standards, and SOLER Unit 1 lessons and skill targets. The alignment guide provides sample IEP goals for each SOLER lesson.
<b>Unit 1 Caregiver/Teacher Interview Form</b>	This form collects student baseline data on each set of lesson skills taught in Unit 1. This information can be used to help establish a student's current level of performance in the general education classroom and at home.
<b>Unit 1 SOLER Curriculum Assessment</b>	The SOLER Curriculum Assessment for Unit 1 identifies the appropriate unit to begin instruction. This assessment also provides the instructor with the tool needed to conduct a baseline assessment on all Unit 1 skill targets and continuously monitor student progress across Phase 1, 2, and 3 for all Unit 1 lessons.
