

# Participating in an IEP Meeting

## Visual Supports: Student Interest Form (Essential/Intermediate)

### Instructions:

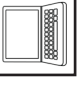

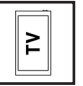

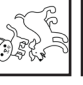

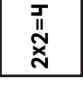

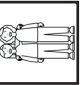

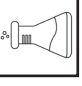

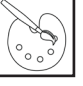

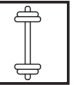

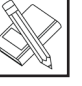

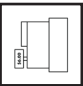

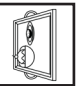

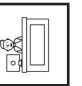

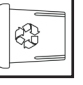

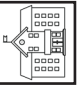

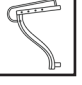

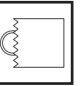

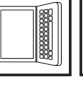

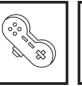

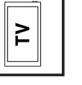

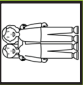

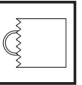

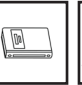

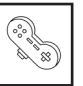

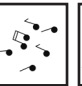

1. Print the student interest form (1 per student completing the essential/intermediate planning tool).
2. Work with students individually or in a group to answer the questions outlined in the planning tool. This tool may be used as a group activity as part of the Participating in an IEP Meeting routine teaching unit, as an activity during the Participating in an IEP Meeting simulation, or prior to a student's annual IEP review.
3. The student can use this document during an actual IEP meeting or during a simulation to answer questions related to preferences and transition plans.
4. If the student requires a different response type than circling and filling out a worksheet, print the provided response flashcards. These flashcards can be laminated and cut out for re-use. Use the student interest form to guide your questions as students point to their responses using the corresponding response flashcards. Place 2-5 flashcards on the table in front of the student. Ask the student the questions on the worksheet and record the student's responses on the worksheet after the student makes each selection by pointing to a flashcard.

# IEP/ Transition Planning Tool - Student Interest Form (Essential/Intermediate)

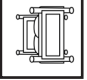

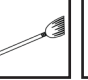

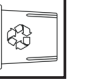

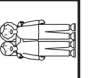

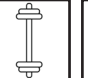

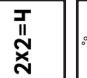

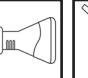

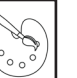

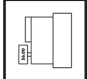

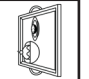

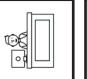

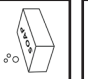

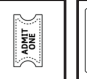

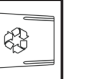

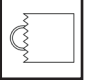

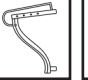

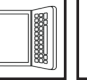

Student: \_\_\_\_\_ Grade Level: \_\_\_\_\_ Year: \_\_\_\_\_ DOB: \_\_\_\_\_

**Instructions:** Please answer the following questions.

What do you **LIKE**  to do at these places? Circle all that apply.
