## Routine Observation

### Routine Observation Guidelines:

1. When observing in the classroom, it is important to not cause any disruption to the session. Please do not ask the teacher questions, stand too close to the area, or provide feedback to the student.
2. If the student has difficulty focusing on the routine and is looking at you, move away and reduce distractions for the student.

### Observation Instructions:

1. Select a routine to observe. Watch a student performing the steps of the routine and notice the cue, expected behavior, and actual student behavior.
2. Complete the chart below noting observations of the routine.
3. Discuss your observations with your group.

### Routine Name:

Step #	Expected student behavior (what does the student need to do to complete the routine correctly?)	Actual student behavior (what did the student actually do?)

Materials Needed	Coach / Trainer Responsibility	Personal Reflection	Group Discussion
None	Provide access to an appropriate classroom.	Write down any questions you have about the routine, cue, or behavior observed.	Discuss your observations, comments, and questions.
