

Student name: _____ Date: _____

Written by: _____

Attach more pages (if needed)

1. Define the student’s challenging behavior:

2. List the antecedents and consequences:

3. Describe the function of the challenging behavior(s):

4. List the replacement behavior(s):

5. List the environmental supports to teach the replacement behavior(s) (changing the antecedent):

6. List STAR lessons to teach the replacement behavior(s):

7. Select (or write) a routine to teach the replacement behavior(s):

8. List reinforcement strategies to teach the replacement behavior(s) (changing the consequence):

9. Describe any reactive strategies (the consistent procedure if challenging behavior occurs). Make sure the challenging behavior does not result in reinforcement.
