

Feelings Galore

Let's learn about feelings. How we feel can show on our face.

Happy

When we are happy, our face shows:

- A smile
- Eyes that get small and squint

Sad

When we are sad, our face shows:

- A frown
- Eyes that might cry or water

Mad

When we are mad, our face shows:

- A tightly closed mouth
- Eyebrows that come together
- Eyes that stare

Surprised

When we are surprised, our face shows:

- Eyes that are very big and wide-open
- An open mouth
- Eyebrows raised

Scared

When we are scared, our face shows:

- Eyes that are wide open
- Hands covering our face

Excited

When we are excited, our face shows:

- A big smile
- Eyes that get small and squint
