

ROUTINE ESSENTIALS

SPECIALS – “MUSIC CLASS” SOCIAL SCRIPT

ACTIVITY GOAL

Students listen to a story about participating in music class.

MATERIALS

Provided:

- “Music Class” book

Needed:

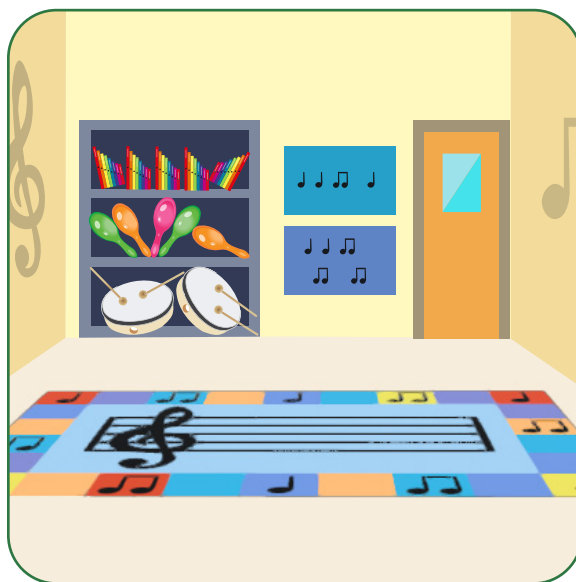

- Scissors
- Tape
- Stapler or hole punch (optional)
- Ring for binding purposes (optional)

PREPARATION

1. Print, laminate, and cut out the book pages.
2. Assemble the book pages in order, and staple them together or hole-punch the top left corner of the pages and secure them with a ring.

INSTRUCTIONS

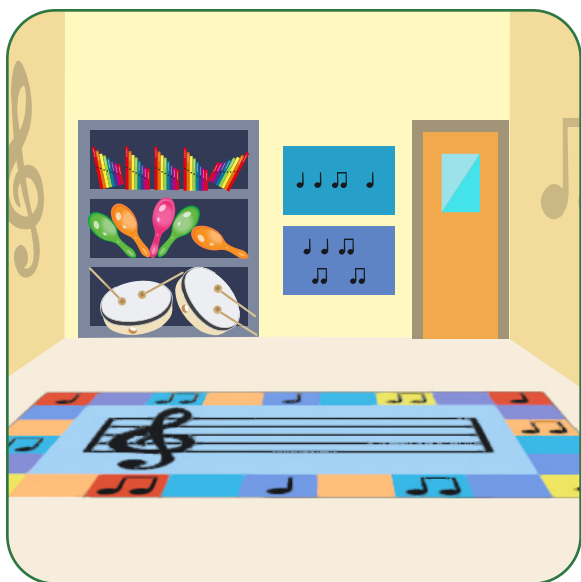

1. Read the “Music Class” book to students who participate in music class for specials. Reading the story frequently will help students understand and prepare for meaningful participation in music class.
2. Discuss the potential challenging situations that may arise when a student attends music class. Model the strategies presented in the book and encourage the student(s) to imitate.
3. Have the book available, and reference it as needed.

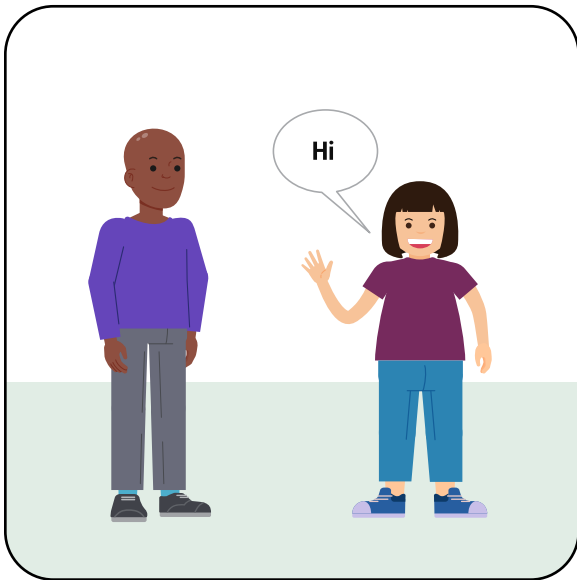

Music Class

Specials – “Music Class” Book

I am going to music class.
Music class is fun!

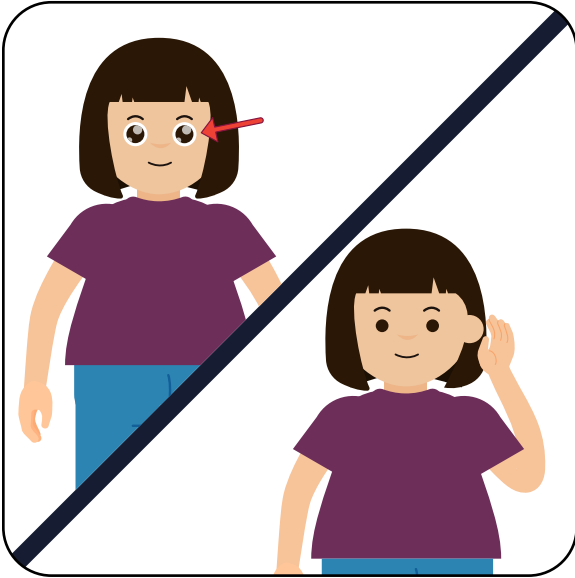

When I get to the music room,
I say hi to my music teacher.

2

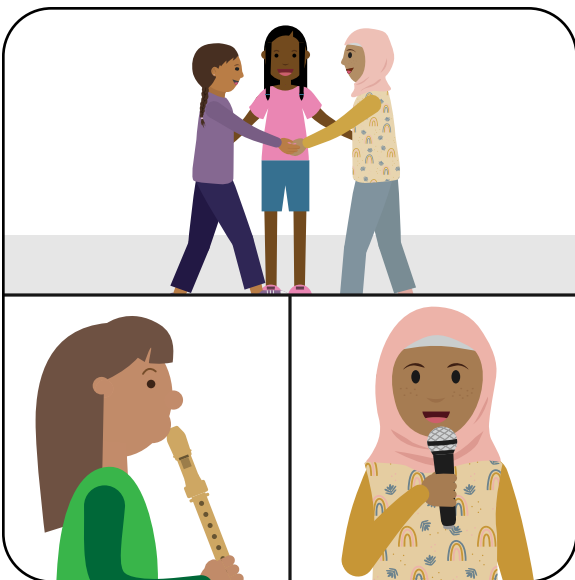

I find my place, wait quietly,
and follow the music class
rules.

3

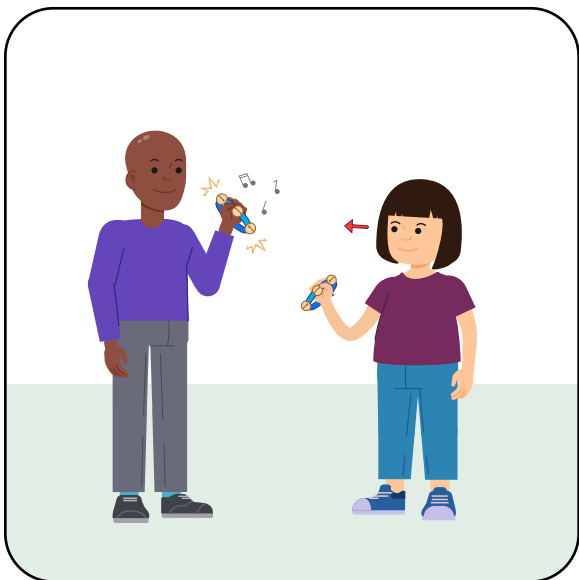

The music teacher explains what we will do today. I listen to and watch the teacher so I know what to do in music class.

4

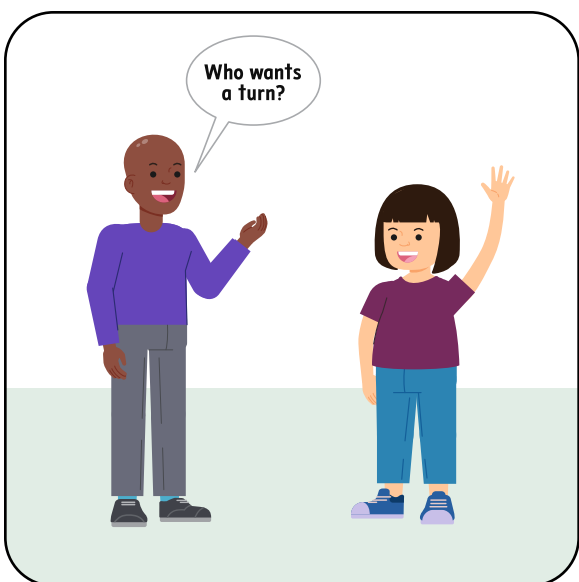

In music class, we might sing songs, dance to the music, or play instruments. I try to join in and have fun.

5

I can watch my teacher or friends to know what to do. I can also ask a friend or my teacher for help.

6

Sometimes my teacher asks, “Who wants a turn?” I raise my hand and wait. If my teacher calls on somebody else, I put my hand down and wait for a turn another time.

7

Sometimes, I get to choose an instrument to play. I pick one and use it carefully.

8

If the music is too loud, I can cover my ears, ask to wear headphones, or take a break.

9

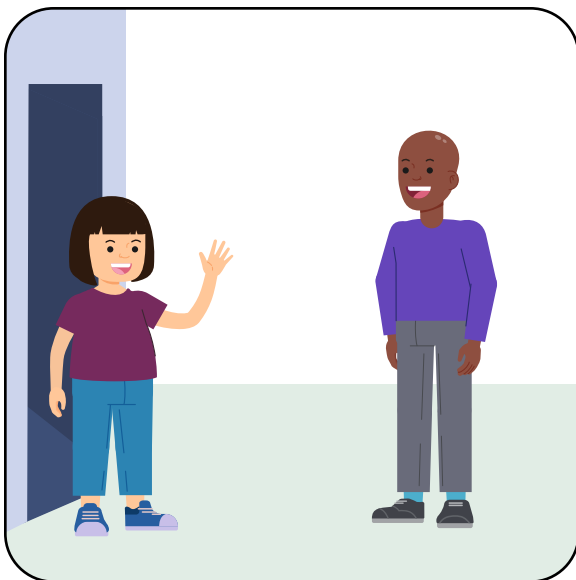

When music class is almost over, I help clean up the instruments. I put them away carefully.

10

Specials – “Music Class” Book
