

One stormy night, the wind was blowing really hard. The thunder and lightning were close to my house. Suddenly, there was a loud BOOM and the lights went out.

I got the coolest birthday present ever! I opened up a big box, and inside of it was a little puppy. I totally didn't expect to get a puppy for my birthday!

My little sister is not supposed to come into my room. She did not follow the rules. She came into my room and played with my toys. She broke my favorite robot toy.

My grandparents were visiting us on vacation. We had a really fun time. They had to fly back home today. I really miss them a lot.

We are going to the beach today! I love building sandcastles and swimming with my mom and dad.

It was my turn to kick during a game of kickball. I tried kicking the ball really hard, but I fell. Everyone laughed at me.
