

Hello _____,

During the upcoming school break, we have materials and resources provided through the STAR Online Learning System (SOLS) to help your child maintain and practice skills they have been working on in our class.

[Access these materials online](#), including downloadable and printable worksheets, visual supports, and activities.

Resources include:

Activities and worksheets from our new mini-unit, Traveling Plans!

These activities and worksheets are available to download or print. You can also access these activities through our SOLS REELS. SOLS REELS are interactive presentations that will guide you through appropriate activities for your child.

Socializing in a small group and Helping around the house routine resources

During this time of year, socializing in small groups at home and helping around the house are great opportunities to practice skills recently learned. We're highlighting some visuals and other resources to support **YOU** as a caregiver.
