

Winter Bonus Unit

Circle Activity: Winter Sport Charades

Objective:

This activity utilizes gross motor and listening skills as students complete a sequence involving listening, identification, and movement.

Materials:

- Visual sequence strip (provided)
 - Winter sport movement cards (provided)
 - Bag (1)
-

Preparation:

1. Print, laminate, and cut out:
 - a. Visual sequence strip
 - b. Winter sport movement cards (1 set for the entire class)
2. Place the winter sport movement cards in a bag.
3. Seat students in a semi-circle facing the instructor or student leader.
4. Have the visual sequence strip on hand and refer to it throughout the activity to guide students.

Winter Bonus Unit

Circle Activity: Winter Sport Charades

Activity Script:

We recommend using the following verbal cues as you model each step.

1. **"Today we're going to play a game called 'Winter Sport Charades.' First, let's talk about the kinds of sport people play in the winters."**
[As you walk students through each step of the activity, point to its corresponding step on the visual sequence strip. Lead a discussion about winter sports.]
2. **"To begin the game, we're going to pull a card out of this bag. I'll try first."**
[Demonstrate picking a card from the bowl.]
3. **"Now, I'm going to look at my card and pretend I am doing the activity shown on the card."**
[Demonstrate looking at the card, showing it to the class, and acting out the activity.]
4. **"What was the movement I was doing?"**
[Prompt students to identify the activity. Model if needed.]
5. **"We're going to take turns picking cards and acting them out."**
[Choose a student to come up to the bag. Prompt the student to pull a card and pretend to do the sport. Use modeling as needed.]
6. **"Now, let's guess what that activity was!"**
[Prompt the other students to guess the activity that was just acted out. Repeat the activity until all students have had turns.]
