I turn in my homework on time so my teacher can grade it. Part of getting a good grade is turning in my homework on the due date.

2

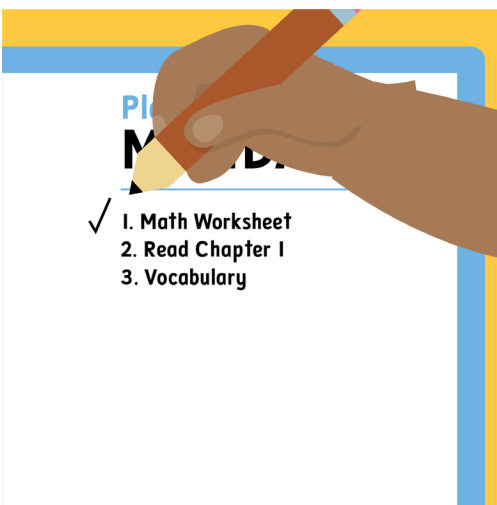

When I get to my class, I will check my homework notebook for assignments that are due that day. If an assignment is due, I will hand it to the teacher or put it in the finished homework area in the classroom.

3

Most teachers assign homework every day. When my teacher tells the class the homework assignment for the day, I will write it in my homework notebook. I can write the date the assignment is due and highlight it with a highlighter. This will help me remember when the homework assignment is due so I can turn in my homework on time.

4

I can review the homework directions and, if I don't understand what to do, I can ask a friend, my teacher, or parents for help. I should try to do all of my homework—even if it is hard!

5

When I write down my assignments in my homework notebook, complete my assignments, and turn them in on time, I will learn and get good grades. My teachers and parents will be proud of me!
