

Dear caregivers,

This month, we are working on a unit called “**Celebrating Together.**”
In this unit, we are learning about:

Friendships | Emotions | Giving and gratitude

Next week, we will be participating in a classroom activity in which we’ll share our families’ traditions with the class. We ask that you work together with your child to complete the written portion of this “My Family’s Traditions” poster, leaving the large empty picture box blank. Once complete, please return it through email or in your child’s backpack. This poster will be used during a social studies activity in which each student will illustrate their posters and share their family’s traditions with the class. These family tradition posters will be displayed in the classroom throughout the month. If you have any questions about the “Celebrating Together” unit or about this activity, please don’t hesitate to reach out. Thank you!

My Family's Traditions

Draw one of your family's traditions.

Write about one of your family traditions:
